ABOUT ME

I am a self-taught programmer, 26 years old. I am currently looking for an opportunity in the job market. I recently completed a programming bootcamp called bytes4future. I hope to join a hardworking and passionate team in the field of web development. I am excited about new experiences and learning opportunities to develop new skills and improve existing ones.

ABOUT MY PAST

https://liquipedia.net/counterstrike/Cunha

EXPERIÊNCIA PROFISSIONAL

FRONT-END GTA-RP Police Department
2023
I worked on the front-end part of the police department for a GTA-RP server. This experience greatly enhanced my programming skills, specifically in React, JavaScript, and Tailwind.
